

# CLEAR COMMUNICATION: A BUYER'S GUIDE TO PA SYSTEMS FOR GOVERNMENT

ENSURING EVERY MESSAGE IS HEARD WHEN IT MATTERS MOST

## 1. Identify Your Use Case

Different public safety and government needs require different solutions.

### Start by defining your primary use:

- Emergency Response – Evacuations, crowd control, disaster relief.
- Public Safety Agencies – Police, fire, and EMS briefings or press conferences.
- Government Events – Town halls, community outreach, parades, and official ceremonies.
- Military & Training – Drills, field operations, and base communications.

## 3. Select Key Features

- ✓ **Wireless Mics** – Multiple options for flexible use
- ✓ **Quick Setup** – Under a minute
- ✓ **Battery Power** – All-day operation, no grid required
- ✓ **Durability** – Rugged, weather-resistant design, and made in the USA with 6-year warranty

## 4. Match Common Scenarios

- **Emergency Response** – MegaVox® or Bigfoot® for directing evacuations, disaster recovery, and crowd management.
- **Public Safety Agencies** – Go Getter® or Liberty® for police, fire, EMS briefings, and press conferences.
- **Government Events** – Liberty®, Beacon® or Bigfoot® for council meetings, official addresses, and outdoor ceremonies.
- **Military & Training** – Bigfoot® or Beacon® for field exercises, base operations, and large-scale drills.

## 5. Purchase Your System

- ✓ **Request a Quote**
- ✓ **Find a Dealer Near You**

Call **800.262.4671** or your local authorized Anchor Audio dealer for more information.

## Pro Tips for Government & Public Safety:

- **Plan Ahead** – Size up for bigger crowds than expected.
- **Stay Ready** – Keep systems charged for instant use.
- **Go Wireless** – Extra mics give flexibility in the field.
- **Think Outdoors** – Use rugged models for weather events.
- **Layer Systems** – Pair small units for teams with large units for the public.
